# SERVICES:

- Agronomists
- Consultants
- Agricultural Engineers
- Machinery Technicians
- Veterinarians
- Specialists – UAV pilots
- Lecturer/Educator

# PRODUCTS:

- Seed Producer
- Fertiliser Manufacturer
- Machinery Supplier

An aerial photograph of a tropical agricultural landscape. The scene is dominated by lush green banana plantations arranged in neat rows. A winding dirt road cuts through the fields. In the upper right, a small body of water is visible, and a yellow tractor is parked on a patch of cleared land. The entire image is framed by a dense forest of tall trees. A white rectangular box with a thin border is centered over the middle of the image, containing the text.

We need **farmers**, but we also need  
people to help them **farm better**

THANK YOU
